Education

Krishna University College of Engineering And Technology

B.Tech Computer Science And Engineering, GPA : 7.04

Sri Srinivasa Junior College

Intermediate in Mathematics, Physics, Chemistry, GPA : 7.62

Machilipatnam, India

Aug 2018 - July 2022

Vissannapeta, India

June 2016 - Apr 2018

Skills Summary

- **Languages** : Java, Python, Java Script, My Sql
- **Frameworks** : Spring Boot, Hibernate, REST APIs
- **Web Technologies** : HTML5, CSS3, Bootstrap, React Js
- **Tools & Platforms** : Git & GitHub, Eclipse IDE, Py charm, Visual Studio Code, Postman
- **Soft Skills** : Communication Skills, Problem-Solving, Flexibility, Creativity, Report Building

Projects

student portal app, Academic Project

GUI Designer/Document Reporter

Designed and developed a user-friendly GUI for a student portal as part of a college academic project. The app aimed to digitize and secure student information and streamline college administration processes by eliminating paperwork. Key features included fee collection and receipt management, attendance tracking, file maintenance, circular issuance, and integrated ERP and cloud storage functionality.

Tools & Technologies: Java, Swing, MySQL, NetBeans, JDBC, Cloud Storage

Tech Shop Website (E-commerce)

Web Developer

Developed a headphone shopping website as a fully functional e-commerce platform featuring product listings, shopping cart functionality, and user interactions. The website uses locally stored data to simulate product management and cart features without a backend. Emphasis was placed on creating a clean design, responsive layout, and smooth user experience.

Tools & Technologies: HTML5, CSS3, JavaScript

Audio Aura Website (E-commerce)

Web Developer

Developed the Audio Aura e-commerce website focused on headphone products. Implemented features like product listings, shopping cart, and category-based navigation. Used Redux for global state management and React Router for seamless navigation. Ensured a clean, responsive, and user-friendly design using Bootstrap.

Tools & Technologies: React.js, Bootstrap, Redux, React Router, React Hooks

Certificates

Great learning

Python programming and fundamentals

Udemy

Python programming with Data Structures and algorithms

Achievers IT

Java Full Development in FrontEnd and Backend

Jan 2023 - March 2023

March 2023 - Sep 2023

Oct 2023 - May 2024
